Danger Rangers Deal to bring Award Winning live show to Theme Parks.

May. 14th, 2007

New York City-based RWS & Associates Entertainment Inc., and Educational Adventures have finalized a licensing agreement to market and distribute the award-winning Danger Rangers Safety Rules! Live Show into live entertainment venues.

Under the deal, the live show would be marketed to theme parks, cruise ships, resorts, shopping centers and conventions.

The live show, based on Educational Adventures' popular Danger Rangers television series airing on public television stations, will empower children with important safety lessons taught through audience participation and entertaining songs that kids will love and parents will appreciate. The live show stars Danger Rangers Sully, Kitty and Burble, along with a live host.

The live show, like the television series, educates children about how to play safely when at home, in the pool and at the beach, as well as in the playground or in the yard and while riding bicycles or skateboards. It also teaches children the importance of being prepared for emergencies by telling them how to know when to call for help or when to dial 911.

In its first year at DUTCH WONDERLAND Family Amusement Park in Lancaster, Pa., the Danger Rangers live show received an Honorable Mention award in the live "edutainment" category during the "Big E Awards," held by the International Association of Amusement Parks and Attractions. The international award recognized Danger Rangers from a field of outstanding shows from Dollywood, Sea World Australia and Six Flags Great America. The show has returned for a second season with an all-new cast and production, co-produced by RWS and Educational Adventures.

"We are excited about the opportunity to combine educating children through quality live entertainment. We look forward to presenting families with Broadway caliber talent, at an affordable price, in an exciting new educational show. Nothing beats the experience of live theater," said Chief Executive Officer of RWS & Associates Entertainment Inc., Ryan Stana.

"This will be a great opportunity to further the mission of the Danger Rangers brand. We think that with the experience and network of talent behind RWS, the Danger Rangers live show will become another great venue to empower children to make better safety related decisions," said Chief Executive Officer of Educational Adventures Mike Moore.
